- Museum Fees
- Booklets and Badges
- T-shirt
- Closing Banquet

Now, y'all plan on visiting us in Tennessee! No foolin'!

This is a hilly region of Tennessee. Make sure your Model T is up to the task. A stock T will do fine, since none of the hills are very long. There are downhills that will make you glad to know you have accessory brakes. Expect some gravel roads. For those who only want paved roads, we will offer alternative routes.
