

**Southwest Model T Club**  
**Antique Automobile Reliability Run**  
**November 29 & 30, 2022 Laughlin Nevada**  
**Open to pre 1927 \*Automobiles Speedsters**

A reenactment of the turn of the century auto club reliability tours put on to promote the automobile & road system improvements. This is a lowkey event giving plenty of time to enjoy good friends, driving the cars we love and local museums and attractions.

Having this event in the middle of the week will help keep costs down. Laughlin hotel rooms can be had from \$40 to \$60 a night plus resort fee and tax. Resort fees run about \$20 a night. The sooner you reserve your rooms the better, as rates do go up closer to the date of the event. To keep costs down there will be no banquet, so participants will be responsible for all meals.

We will base out of Riverside Casino or stay at your casino of choice.

The participation fee will be \$30 per car.

Let's get together and have a wonderful time.

\*If there is an interest, we can include 1928-1931 cars as well.
